These guidelines cover the main approaches to project delivery and include: traditional contracting alliance contracting public-private partnerships PPPs These guidelines should not be seen as exhaustive but are intended to inform the development of policy by individual jurisdictions and support agencies that deliver infrastructure projects. Reviews of Governance of China have been mixed, including positive reception from Chinese officials, [12] measured praise from non-Chinese leaders, [13] and negative reviews in Western media, where the Governing Australia Volume 3 of 3 is

sometimes regarded as propaganda. Alliance contracting is characterised by a number of key features, which generally require the parties to work together in good faith, act with integrity and make best-for-project decisions.

Appropriate project delivery approaches in determining the appropriate pr

The policies, guidelines and requirements of individual jurisdictions are precedent to the practices covered in these documents. There is no case law interpreting the meaning of these words.

Key features of Australia's system of government include its basis on a combi

14 April A jury's assessment of the reasonableness of such beliefs would doubtless take these considerations into account.
