Further, to encourage greater numbers of junior-middle-school graduates to enter technical schools, vocational and technical school graduates were given priority in job assignments, while other job seekers had to take technical tests. In accordance with university regulations, those colleges appoint their own staff and are responsible for selecting students. Though there is no better or worse experience in learning, these two kinds of Payment methods. Among the most pressing problems facing education reformers was the scarcity of qualified teachers which has led to a serious stunting of educational development. Publisher Description. While U. Estimates indicated that in order to meet the goals of the Seventh Five-Year Plan and realize compulsory 9-year education, the system needed 1 million new teachers for primary schools, new teachers for junior middle schools, and new teachers for senior middle schools. Retrieved April 12,
