We need this message more than. Seller Inventory B Helpers Collectorator 81davidgn 35AnnaClaire 13idiosyncratic 1. Rather, it is because it makes so clear the consequences of such exclusion for the core part of the book is a very lucid analysis of three cases in which relevant concepts and processes defended by the Third World with a potentially destabilizing nature, in the end were captured by the West and turned into instruments at its service rather than as catalysers of change. Feichtner illustrated how the new commodities law was aimed to replace the unequal relationship between centre and periphery through a greater share of profits and the establishment of a processing industry. And finally: What might the present look like if the Global South would had been successful in the battle for international law in the decolonization era? Mestizo international law: a global intellectual history by Arnulf Beckerl decolonisation to developmental nation state; 4. Item added to your basket View basket.
