Standardized tests can be seen as one way in which a meritocratic society reorders a widely disparate populace into hierarchies of abilities, achievement, and opportunity. Providing students with opportunities to work in collaborative or small-group learning activities helps them to construct their own knowledge. Such activities are often called strategies. Tiedt, P. For many years I have been a collector of quotes. Mind sight: Learning through imaging. Because "ideas that work" implies a kind of guarantee of effectiveness. Below is a list of my favourites and I have snuck in a few of my own quotes. Assess student outcomes: Performance assessment using the Dimensions of Learning model.
