The Middle East and elsewhere offered year contracts – sometimes even longer – while paying the same rates. By continuing to use our website, you agree to our use of cookies. As far as shallow water activity, drilling contractors still seek to move jackups out of the US Gulf to more lucrative regions, including the Middle East, Southeast Asia and Mexico, the latter of which has been an extremely good market for US jackups.

The leading candidates are Saudi Arabia and the United Arab Emirates, the two Petroleum Products. Their national corporate logos are already familiar to sports fans worldwide. Every cookie expires after a certain period of time, but that period varies depending on what the cookie is used for and how your browser is configured.

The operator completed four exploratory wells, including two wildcats and two on July 9, Several jackups mobilized to Mexico from the US Gulf during and and more are expected to go in
